

# SCC/ASLA 2014 Quality of Life Design Awards ~ Image Summary: Hercules Playa Vista

(use 100 words or less)

1. Site plan.

2. A floating deck helps preserve and protect the existing sycamore grove while creating a memorable and usable space for pedestrians.

3. The architectural form of the sycamores combined with the enclosed nature of the space creates an inspiring, Cathedral-like space.

4. A variety of seating caters towards the unique needs of the creative workers on campus. Picnic tables encourage team interaction, adirondacks provide comfortable seating for more restful moments, and flexible café seating is ideal for casual work sessions.

5. This fountain takes its form from the section cut of an airplane wing, reflecting the industrious history of the site.

A model of Howard Hughes' original helicopter design is featured prominently at the entrance of the YouTube studio, illustrating the fusion of innovators from the past and present.

6. A model of Howard Hughes' original helicopter design is featured prominently at the entrance of the YouTube studio, illustrating the fusion of innovators from the past and present.

The sweeping form of the amphitheater symbolizes the site's history of aviation while providing a comfortable and functional setting for screenings and performances.

7. The sweeping form of the amphitheater symbolizes the site's history of aviation while providing a comfortable and functional setting for screenings and performances.

Care was taken to express movement in the walls. The gentle curves allude to air-streams flowing over a plane in flight.

8. Care was taken to express movement in the walls. The gentle curves allude to air-streams flowing over a plane in flight.

The west campus provides for active and passive use, encouraging recreation and rest while fostering creativity.

9. The west campus provides for active and passive use, encouraging recreation and rest while fostering creativity.

Open spaces such as this provide flexibility in use, echoing the flexibility afforded to the varied lifestyles of the employees on campus.

10. Open spaces such as this provide flexibility in use, echoing the flexibility afforded to the varied lifestyles of the employees on campus.
