MILWOOD RESIDENCE IMAGE SUMMARY

IMAGE 1
Site plan.

IMAGE 2
Entry garden and front facade from the street.

IMAGE 3
The project employed select design principles to ensure efficient use of space and adherence to the sense of place.

IMAGE 4
Floor-to-ceiling sliding windows open the loft-like interiors onto the side yard garden.

IMAGE 5
A creative building footprint makes room for a garden courtyard and firepit lounge in a narrow side yard.
The project utilizes a number of green building principles to reduce energy and resource consumption.

Loose hedges provide screening for privacy without blocking out the vegetation, sunlight, and charm of the neighboring properties.
