GUEST SPEAKER, SEPTEMBER 13, 3:00PM

Marni Barnes, LCSW ASLA APATH

Marni Barnes is a founder of the Therapeutic Garden movement in the United States. Drawing on her international experience as a psychotherapist she applies her expertise to creating therapeutic landscapes in public and private settings. Barnes has received many multi-disciplinary awards for her research and writing and she teaches in the US and abroad. Recent projects include site planning and design for the Royal Government of Bhutan's Centre for Gross National Happiness; and consulting with Miyagi University on community restoration in tsunami devastated areas of Japan.
