

GARDEN PHOTOGRAPHY WORKSHOPS WITH AWARD WINNING PHOTOGRAPHER SAXON HOLT

SAVE THE DATE!

Saturday, March 16 & Sunday, March 17, 2019

**JOIN THE LANDSCAPE ARCHITECTURE ALUMNI CONNECTION AT UCLA EXTENSION
TO LEARN FROM MASTER GARDEN PHOTOGRAPHER - SAXON HOLT**

Attend one or both days. Saturday will cover Basic Composition, while Sunday will focus on Thinking Like a Camera. Similar concepts and practices will be covered each day, but with enough variation that both days will be a unique experience.

All levels of experience are welcome, but these workshops are organized for serious garden photographers. Cameras, tripods, and laptops with editing capability are highly recommended.

The workshops will take place at The Los Angeles County Arboretum. Space is limited, so plan ahead and make your reservation early. An invitation will be sent soon.

Contact Shawn Maestretti at shawn@smgarchitecture.com if you have any questions.
